**Re:** Cease & Desist

It has come to our attention that you have been spreading misleading and malicious misinformation regarding the character, behavior, and social interactions of Vampire Persons. This letter serves as documentation of a pattern of offensive activities, which began on October 30, 2007, with publication of HALFWAY TO THE GRAVE, and is about to continue with the latest travesty, SHADES OF WICKED, due to be released on October 30, 2018.

As you are well aware, vampires are always presented as tragic characters. See the following for examples: Vlad Dracula, Jerry Dandrige, Angel, Claudia, Louis de Pointe du Lac, and many others. Such portrayal, that of a tragic, brooding, even at times noble, creature, tormented by the curse of seeking the delicious blood of the living, must be adhered to at all costs as it lulls the human population into a false sense of security. Under no circumstances, can Vampire

Persons be portrayed as having fulfilling friendships and, especially, romantic relationships that end happily.

Your continuous insistence of presenting Vampire Persons in this manner have caused many of our citizens embarrassment, emotional distress, and even physical discomfort. Some of them have been approached with humans asking if they wore silver jewelry on the private parts of their anatomy to heighten sexual pleasure.

WE HEREBY DEMAND THAT YOU CEASE AND DESIST all current and future efforts to present Vampire Persons as worthy of affection, love, and happiness. If the action to cease and desist is not taken by you within 3 days, we will have no choice but to visit you to discuss the matter in person.

Sincerely,

Master of the Dark Coven.
